A detailed image of a mechanic in a workshop. The mechanic, wearing a cap and overalls, is working on a car. The background is filled with various tools and equipment, creating a professional and busy atmosphere.

PROBLEM:

In most of the case when we go out of the station and suddenly our vehicle get stop working in middle of the road or our journey we cant find mechanics easily .

CAR SERVICE

Your Complete Needs

SOLUTION:

- ☐ We have to build a online garage service application so vehicle owners will connect to trusted, convenient garage. We will provide or connect the car owner and supply the mechanic.

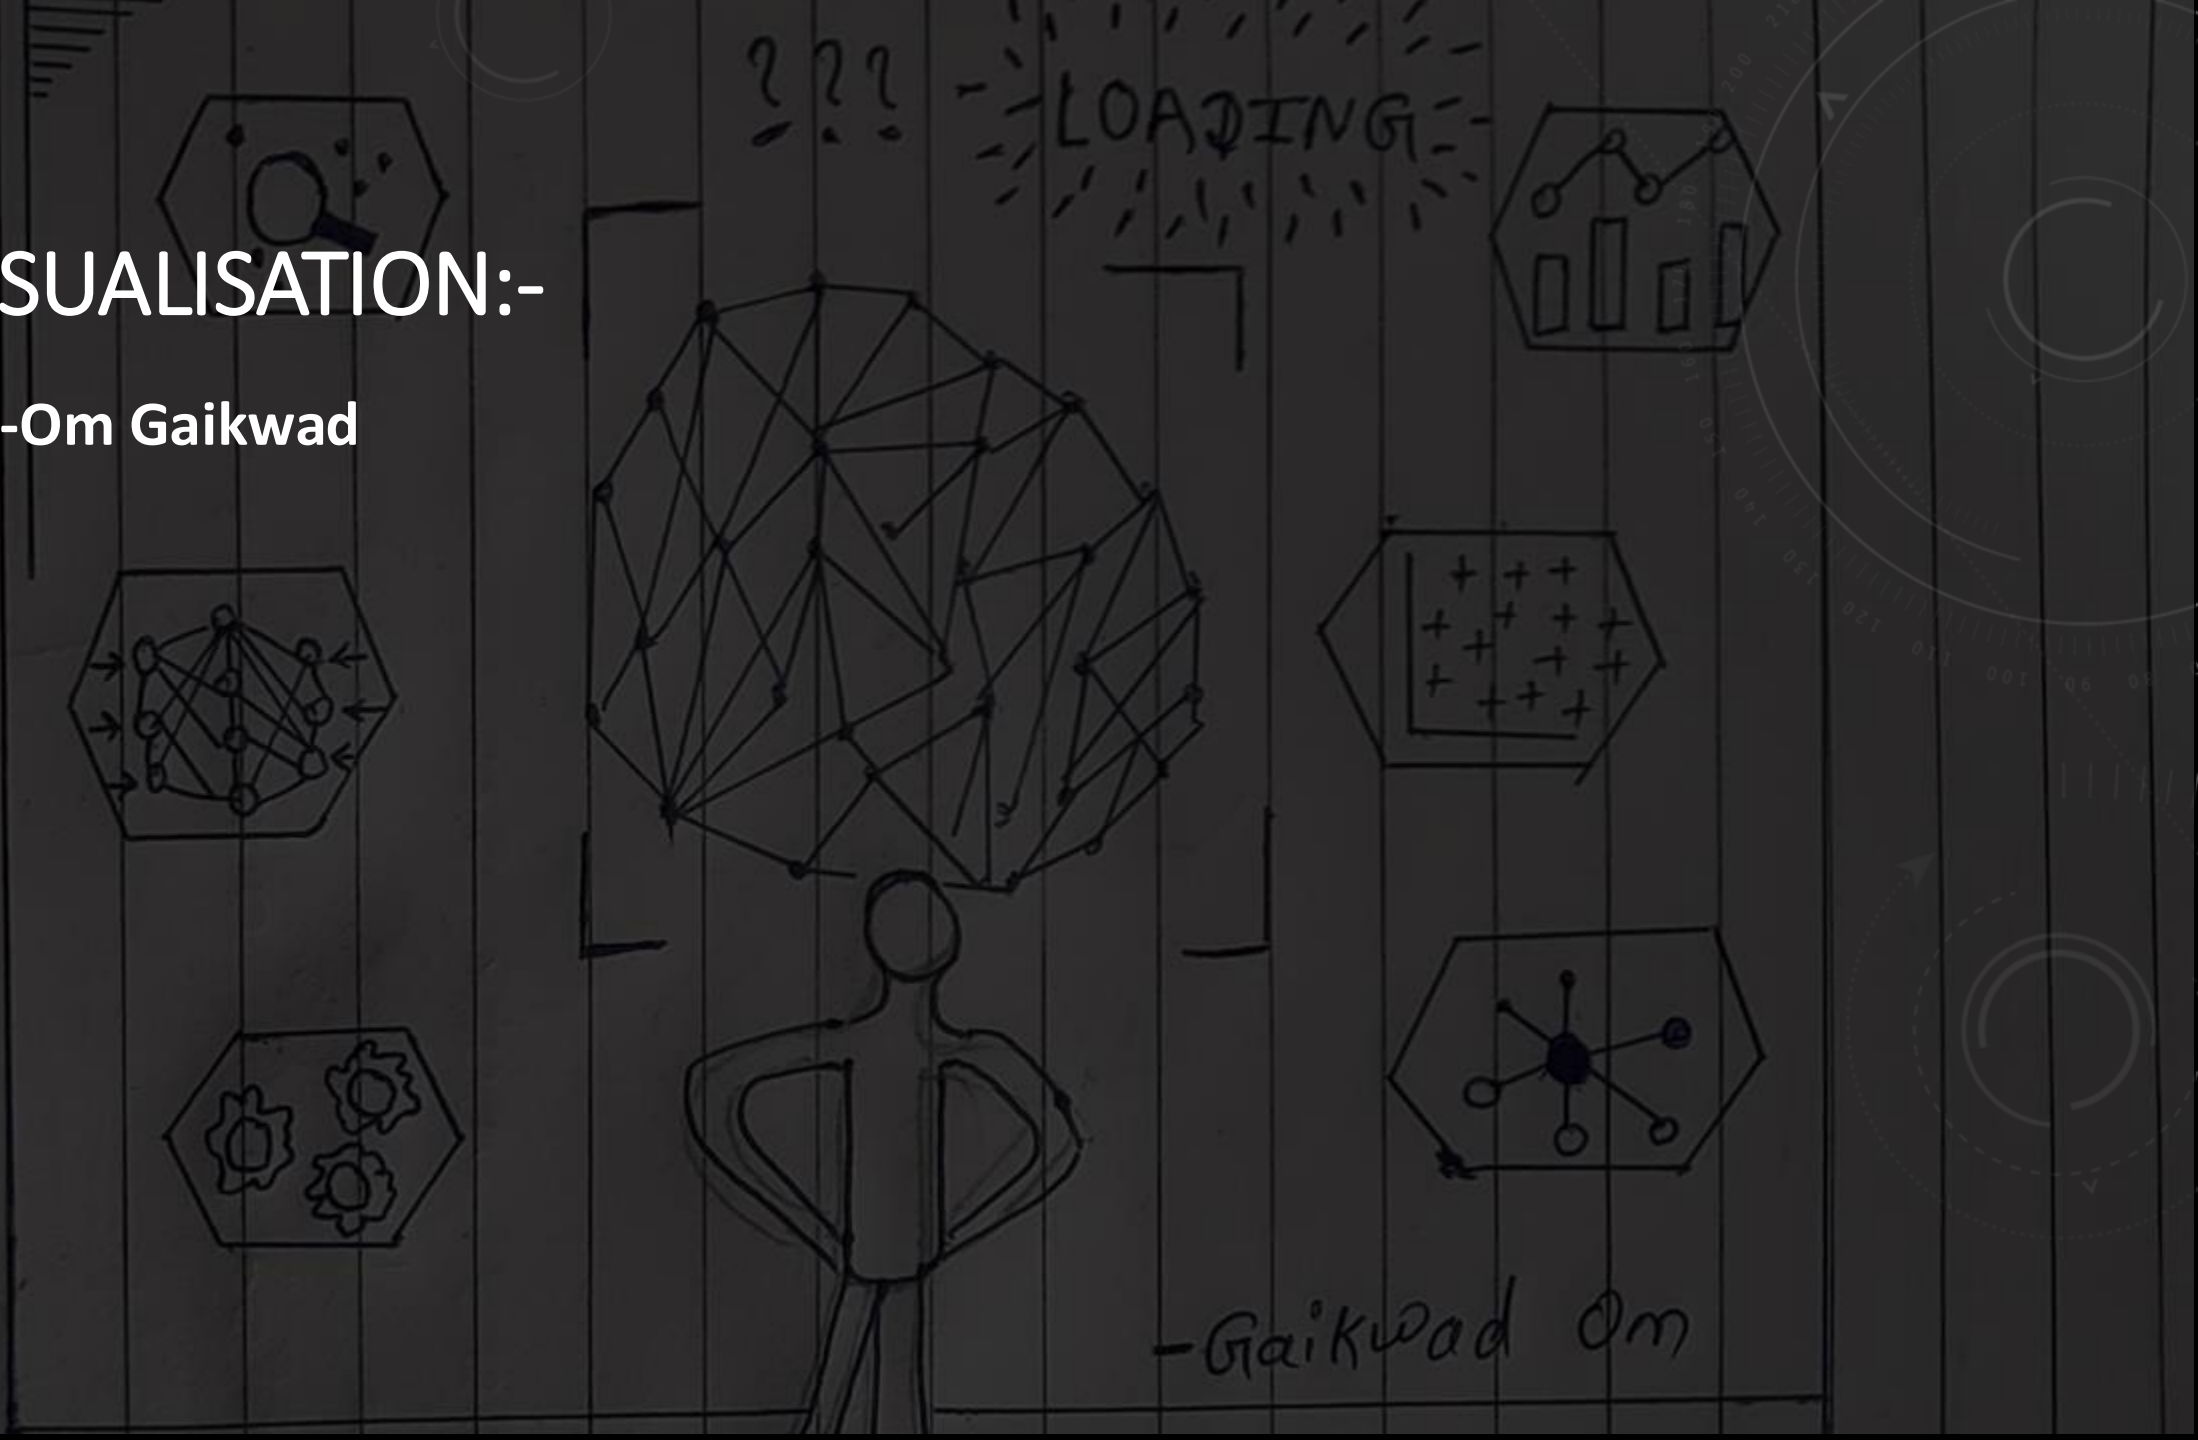

A hand-drawn sketch of a car in a control room. A person is seated at a console, interacting with a large screen. The room is filled with various data displays, including a 'TEMPERATURE' graph, a 'DATA' graph, and a 'SENSOR EVENTS' table. The car is shown from a top-down perspective, with lines indicating its position and movement. The overall style is technical and futuristic.

The background is a complex composition. On the left, a large diamond-shaped frame with a black border and white inner lines contains a photograph of a city skyline under a blue sky with white clouds. To the right of this frame is a solid teal horizontal band. The rest of the background is dark, featuring faint, light-blue geometric patterns, including concentric circles and radial lines, some of which resemble architectural or technical drawings.
